

# DALE, BATEMAN FOUND GUILTY BY JURY

## Jan. 10 is First Day to File for City Election

January 10 will be the first day to file petitions for the municipal election to be held next year, it was announced today by City Clerk Olive Patterson.

The primary will be March 1, the final election April 19.

At the primary, eight nominees for city commissioner, two for mayor and two for police magistrate will be named, providing, of course, there are that many in the races.

The final election will name four commissioners, a mayor and police magistrate.

Last day to file petitions will be Jan. 25. First day for absentee voters to apply for ballots is Jan. 31. Last day to apply for absentee ballot by mail is Feb. 24, last day to apply in person is Feb. 26.

## About Town

### And Country

By TIMOTHY T.

**WE GROW 'EM BIGGER DEPT.:** This happened in Harrisburg township.

Mrs. Marybelle Johnson of Harrisburg Route 4, who has chickens, has eggs as a result of having chickens (and I suppose chickens as a result of having eggs, but we won't go into that because we might get as confused as when we discuss which came first).

Anyhow, Mrs. Johnson opened up a normal-sized egg a few days back and right there inside the shell were three yolks.

Yep, three yolks. I've seen quite a number with two yolks but this is the first time I've known of one with three.

**ENGLISH DEPT.:** A teacher in a Brooklyn school asked Joey to give her a sentence using the word "bewitches."

After a slight pause, Joey replied: "Youse go ahead; I'll bewitches in a minute."

**UPTOWN:** The Williams brothers, Don and Bill, have done quite a job of enlarging their insurance offices in the Gregg building on the southwest corner of the square.

They've added room space, lowered the ceilings, used acoustical tile, knotty-pined the walls, put in new floors and added new drapes and fluorescent lighting.

Lotta swank.

**ATHLETIC DEPT.:** Coach — "What's his name?"

Assistant Coach — "Wzyschpill-cykhctueti."

Coach — "Fine. Put him on the team. I never did like that announcer for WNVF."

**THANKS, ROD:** Will folks never run out of uses for The Daily Register? Our subscription department got this letter from Rodney Brenner, publisher of the Golconda Herald-Enterprise:

"There's a pore, misguided soul up the country away who craves good readin', so naturally we sold him a year's subscription to the Herald-Enterprise (Advertisement). He also needs something to paper his brooder house with, so naturally we sold him a year's subscription to the Harrisburg Daily Register. Check is enclosed. You're welcome."

Of course Rod was kidding us a little, but step right up folks, buy The Register for any purpose; but we warn you, you will find yourself reading it — news, comics, classified ads, display ads and all.

The pedagogues know how it's done; maybe they can teach some of you guys how to do it.

Last Saturday W. A. Plumlee and Brose Phillips went hunting on the state hunting grounds at Horseshoe lake and they had the limit by 8:30 a. m.

But that's not the big part of the story. Mr. Phillips got the biggest goose of the year at Horseshoe. Weighed by the state, the fowl weighed 10 pounds, 12 ounces. It was three feet, eight inches, from tip of bill to tip of tail.

## Dinner Club Speaker To Discuss 'Woman's Views of World Affairs'

"A Woman's Views of World Affairs" will be the subject of an address by Irene Walker Bowman at the Southern Illinois Dinner club Thursday, Dec. 9, at 6:30 p. m. at the Kurto country club.

Mrs. Bowman, who has widely traveled in other countries, has skipped the usual fields of observation used by Departments of State, Embassies and politicians, and views objectively our position for the long pull from the angle on what this world turmoil is doing to society, backbone of social and industrial progress.

Advance reservations must be made for members and guests with Rees Turner, secretary of the dinner club.

# Hunsinger Receives Cheer Up Telegram from Montreal

## Contains 21,948 Signatures, 52,000 Words

### Message is Welcome Back Plea by Alouette Grid Fans

Charles "Chuck" Hunsinger, member of the Montreal Alouettes of the Canadian professional football league, today received a "cheer up" telegram from Montreal fans that is one of the longest messages ever sent over Western Union wires.

Hunsinger, who lives on a farm six miles south of Harrisburg with his wife, Nina, and two children, received a telegram containing 21,948 names and approximately 52,000 words.

The single-spaced message, presented to the 29-year-old halfback in the local Western Union office by Manager Wayne Burbank at 9:15 a. m., was 306 feet in length, longer than a football field itself when unrolled.

### 14 1/2 Hours for Transmission

Western Union District Managers C. L. Cunningham of Alton and R. J. Hays of Bloomington, who were present, said that the message is one of the longest ever sent by Western Union. Longest in history was in 1934, when President Roosevelt received an 80,000-word birthday message containing 41,000 names.

The message to Hunsinger was sent on a direct circuit between Montreal and Harrisburg and 14 and one-half hours was required to transmit it. It was completed at 10:33 last night.

Reason for the message was because Hunsinger was downcast and about ready to give up the idea of returning to the Alouettes next year because of an incident late in the championship contest with the Edmonton pro team that gave the Gray Cup to Edmonton.

### Really Cheered Up

"I was the goat of the game in Canada and I'm sorry," Hunsinger said today after reading the text of the message. "It's really cheered me up. After the game was over I was definitely through but since receiving the wires and letters I can definitely promise the people of Montreal that I will be back next year. I feel great and hope to have my greatest year in football next fall—the Lord willing. I want to repay the people of Montreal for this tribute. The greatest fans in the world are up there."

"This is the greatest thing that has ever happened to me in athletics," he commented.

Besides the enormous telegram, Hunsinger during the past four days has received more than a thousand pieces of mail at his farm.

## Organize National Honor Society At Eldorado High

A chapter of the National Honor Society was organized at the Eldorado Township high school recently, with temporary officers elected. To be eligible for the society a student must have an average of at least 4.5, it was announced.

Officers of the chapter are Vickie Ford, president; Paul Plunkett, vice president; Evelyn Grant, secretary and Vicki Poole, treasurer.

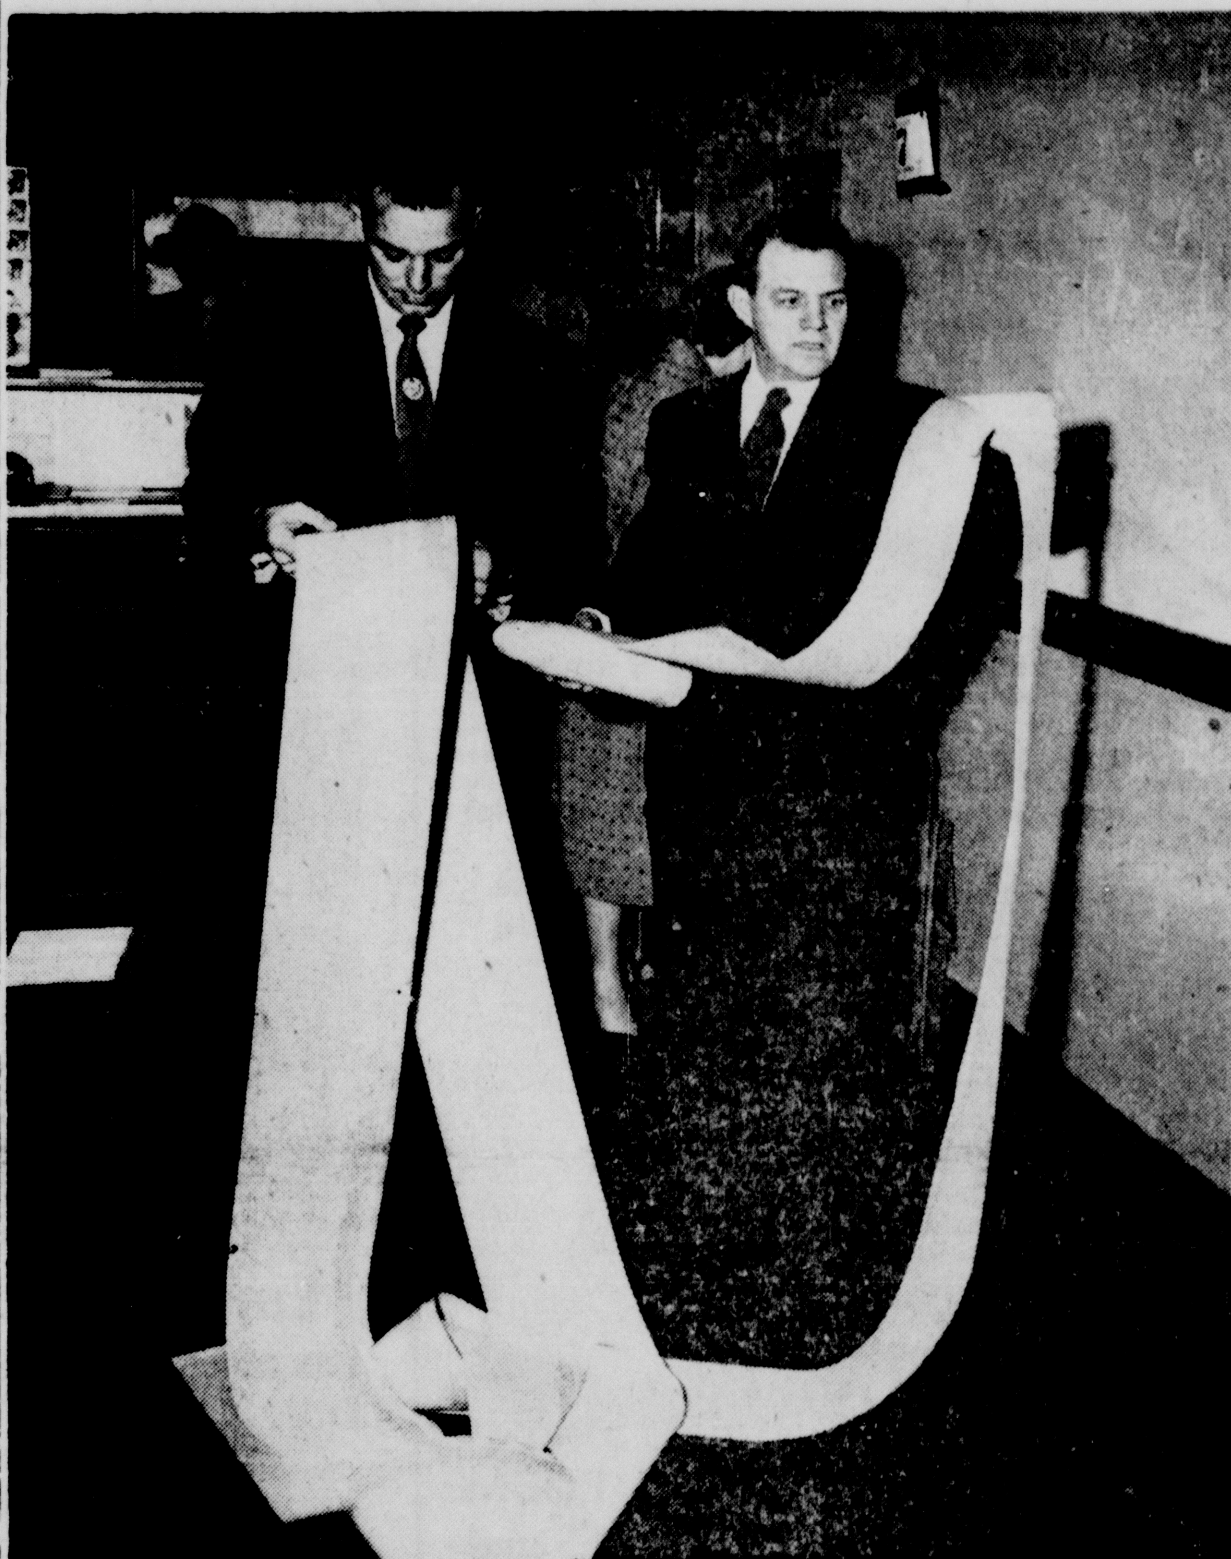

These officers and members of the group will be introduced at an assembly at ETHS Wednesday and a representative from each class will speak briefly. Class representatives are Lonial Lovellette, senior; Pat Elder, junior and Rita Waller, sophomore.

A guest speaker will be Attorney Arthur Summers, graduate of Eldorado Township high school recently, a graduate of 1904. Atty. Summers is a graduate of the University of Illinois law school and was one of the founders of the American Legion of the United States at a meeting in Paris, France following World War I. He has practiced law in Eldorado for many years and is a former city judge.

Members of the ETHS chapter of the National Honor Society are Toni Barton, Pat Broadhurst, Sonia Hafford, Darlene Johnson, Shirley Powell, Terry Ellen Farris, Ille Dean Baker, Janet Blackman, June Cummins, Carl Golluhur, Paul Hoser.

Darla Holbrook, Eva Lee Hopkins, Ramona Johnson, Martha Mick, Kenneth Rogers, Loretta Sinks, Linda Thaxton and John Wettaw.

## It's Cheer Up for Chuck from Thousands

CHUCK HUNSINGER UNROLLS telegram 306 feet long in Harrisburg office of Western Union as Manager Wayne Burbank looks on. The message of cheer followed the Gray Cup finals loss of Hunsinger's team, the Montreal Alouettes, to Edmonton in the Canadian football league. Sent from Montreal, the message contained 21,948 signatures, about 52,000 words.

AT HOME IN THE COUNTRY south of Harrisburg Chuck and his wife, Nina, look over part of the thousand pieces of mail that arrived in four days from Canada. There are messages of confidence, cheer, poems, requests for autographs. Chuck also has had the offer of a good position if he will move to Montreal but prefers to live here in the off season if he can get a job. (Daily Register Staff Photos)

## Mayor Reminds Of Safe Driving Day On Dec. 15

Mayor Ralph Horning today reminded at the city council meeting that Safe Driving Day will be held nationally on Dec. 15 and remarked that the challenge of highway safety is one that must be met on the city streets as well as the highways of the nation.

That day has been set aside by the President's Action Committee for Traffic Safety and absence of

vehicle accidents is sought. Purpose is to demonstrate that the solution to the traffic accident problem is within the grasp of any community when its citizens are willing to accept their responsibilities as drivers and pedestrians.

Horning also told of attending a meeting of Southern Illinois mayors, who organized at Herrin to work to bring a better economic condition to this part of the state. This group, the Southern Illinois Mayors association, has dues of \$10 a year and the city voted to pay the dues. Horning has been named to the legislative committee of the association.

## Two Killed When Auto Hits Rail on MacArthur Bridge

ST. LOUIS — Jack Field, 23, and John Thomas Eagen, 22, both of St. Louis, were killed early today when their car ran out of control and crashed into a guard rail on the MacArthur bridge.

Police said Field was driving west on the bridge when he lost control on a curve near the toll station and careened into the steel guard rail.

Eagen was thrown from the car and Field was trapped inside. Firemen recovered his body.

## McCarthy Opens Political War On Eisenhower

### Publicly Denounces President at Subcommittee Session

WASHINGTON — Sen. Joseph R. McCarthy today publicly denounced President Eisenhower.

The Wisconsin Republican said he believed he should apologize to the American people for the way he campaigned for Mr. Eisenhower in 1952.

McCarthy interrupted a session of the Senate investigating subcommittee, the chairmanship of which he must relinquish to the Democrats next year, to read a 350-word statement in the crowded hearing room before television and newsreel cameras.

He said President Eisenhower had congratulated senators whom McCarthy had accused of holding up his exposures of Communists for 10 months. He added that the President at the same time "urges that we be patient with the Communist hoodlums who... are torturing and brainwashing American uniformed, men in Communist dungeons."

Asked by a reporter if his statement indicated he might bolt the Republican Party and lead a third party, McCarthy said:

"I have no interest—at the present time—in a third party. I intend to work in the Republican Party."

Asked if he would "work to prevent Mr. Eisenhower's re-nomination," McCarthy replied, "I've said all I'd better say."

Mr. Eisenhower last week congratulated Sen. Arthur V. Watkins (R-Utah) for his "splendid" work as chairman of the special committee which urged the Senate to censure McCarthy. Previously he had praised Sen. Ralph E. Flanders (R-Vt.) for a Senate speech on the McCarthy issue.

Flanders said after reading McCarthy's statement that "the junior senator from Wisconsin has declared political war."

McCarthy's statement, Flanders said, "indicates he wishes a split" in the Republican Party.

At his news conference last Thursday the President, counseling patience, said the United States should exhaust all peaceful means before thinking of using force to free 13 Americans jailed as spies by the Chinese Reds.

## Up to UN to Free Prisoners: Dulles

WASHINGTON — Secretary of State John Foster Dulles said today he hopes the United Nations will assume primary responsibility for trying to free 11 American airmen imprisoned by Red China on "spy" charges.

He made the statement in response to a news conference question whether the United States intends to seek Russian intervention in the case.

Dulles said that, for the time being, the United States is leaving the matter to the United Nations. He expressed hope the U. N. will soon adopt a resolution giving the U. N. secretary general or some deputy primary responsibility for handling the case.

Diplomats here expressed belief that a big United Nations vote demanding release of the 11 fliers would win their freedom.

They said such a vote, especially if it is supported by the bulk of the U. N.'s Asian members, would likely have an important effect on actions of the Peiping regime. Officials based their statement on a feeling that the Chinese Communists are sensitive to world opinion and especially to non-Western opinion.

## Father of Carrier Mills Woman Drowns

Lawrence Pollard, former resident of Saline county but late of Shelby, Ind., lost his life by drowning in the Kankakee river when his motor boat overturned Saturday afternoon.

According to last reports the body had not been recovered.

He was the father of Mrs. Robert G. Mitchell of Carrier Mills.

## Woman Dies of Injuries Received In Auto Accident

A woman injured Sunday in an automobile mishap near Eldorado died yesterday.

She was Mrs. Beulah Harris, 31, wife of Robert A. Harris, 35, of East Alton, Ill. Mrs. Harris died at New Athens while en route in an ambulance to her home.

She and her husband were taken to Ferrell hospital in Eldorado following the incident. She suffered internal injuries and he escaped with bruises and abrasions.

State Policeman Roy A. Lane, who investigated the accident, said Mr. and Mrs. Harris were returning to their home following a visit with his uncle, Edgar "Woody" Tolbert, near Junction.

They were nearing Eldorado on Route 142 when they started to go around an auto. The car in front, at the same time, started to make a left turn off Route 142 onto the Grayson road and in the effort to avoid a crash, the Harris car overturned.

Lane said he was told that the other machine then straightened up and went on toward Eldorado on Route 142.

## Water Shortage Most Critical in City's History

### Reduce Use by One Fourth, Officials Urge

Harrisburg is facing its most critical water shortage in history! That is the opinion of members of the city council and water board following a review of the situation Monday evening.

Members of the Harrisburg Water Board, meeting with Mayor Ralph Horning Jr. and Finance Commissioner G. R. Johnson, discussed the water situation at length Monday night and came to the conclusion that Harrisburg now has only a two and one-half months supply, at the present rate of consumption which is approximately 800,000 gallons daily.

This supply includes all immediately available water — that in the reservoir, the borrow pit, Big Four railroad reservoir and spray pond.

"When this supply is used, we are faced with the proposition of an expensive operation of getting water to Harrisburg, and I don't know where we would go to get the water," Harry Dorris, chairman of the water board declared.

In an effort to extend the water supply another month or more, or into the early spring when it is hoped the area will have spring rains, it was decided to appeal to the citizens of Harrisburg to conserve water by about twenty-five per cent.

The plan calls for a daily reduction of 200,000 gallons, to place the daily consumption at about 600,000.

"We believe the daily consumption can be reduced by 200,000 gallons if everyone will exercise care and use only the water actually needed. Just making sure all faucets are completely turned off and not dripping will result in a great savings," Mayor Horning stated.

After a two weeks' period, if there has not been a drastic reduction in the amount used, the city officials will place a strict rationing program in effect, it was decided.

### Pipeline Impractical Now

Last February it was necessary to extend a pipe line to Blue Lake and set up pumping stations to get the water from the lake to the city and it is said this operation has cost the city about \$40,000. This includes cost of pipe line, running an electric line, cost of the water, maintenance and other items of expense. This has caused the water department to operate at a loss during the past months.

And now the water supply at the site of the pumping station has been exhausted.

To get to another supply, it would be necessary to lay more pipe, set up new pumping stations and more costs, and the water department does not have the money for that type of operation.

Also it is not practical to pump water a long distance, as from Blue Lake or some other sources, during the winter months as there is danger of freezes and the pipes being burst. The pipelines are laid above ground and at present the pipes have been pulled apart and drained, since there has been no pumping from Blue Lake for almost a month.

If everyone will cooperate in the water conservation program, officials believe there will be sufficient water until the area is blessed with a big rainfall.

## Convicted of Attempted Labor Extortion

### Dale Also Found Guilty of Actually Extorting \$7,500

EAST ST. LOUIS, Ill. (UP)—A federal jury today convicted two southern Illinois AFL labor leaders of conspiring and attempting to extort \$1,030,000 from the builders of a steam electric plant to supply power to the Atomic Energy Commission plant at Paducah, Ky.

The jury in the court of United States Dist. Judge Fred L. Wham also found Evan Dale, president of the Southern Illinois District Council of Laborers, guilty of actually extorting \$7,500 from an Ohio contractor.

Dale and James Bateman, Pipefitters' Union business agent at Murphysboro, Ill., appeared shaken by the verdict. Both were wet-eyed and spoke in quivering voices.

"I feel the same as I did on the stand," Dale said. "I'm not guilty. Of course, every convicted man says that but I've told the honest truth."

Bateman said only "I don't feel good about it."

Both were convicted of trying to shake down Ebasco Services Inc. of New York shortly after the company began building the Joppa plant in 1951 but Wham had described the case against Bateman as "very weak."

Attorneys for both men announced they will appeal.

Wham set Dec. 15 as the deadline for motions for a new trial. Should he deny the motions, he will probably sentence Dale and Bateman on Dec. 21.

The judge thanked the jury for their "attention, obvious earnestness and determination." He said they had rendered a "public service."

The defense subpoenaed Gov. William Stratton, Illinois Atty. Gen. Latham Castle and State Sen. George Drach but they were not called to testify. Defense attorneys said the political figures were not questioned because the incidents which they would have testified were not brought out by the government.

### Jury Deliberated 5 1/2 Hours

The verdict was reached at 1 a. m. today after the jury of six men and six women deliberated 5 1/2 hours. It was sealed at Wham's direction and opened when court convened this morning.

During the week-long trial, Dale was pictured by the government as a labor baron who had "38,000 laborers in the palm of his hand and a fellow labor representative in his pocket."

Bateman was employed as a business agent under Dale before he became associated with the Pipefitters' Union.

The extortion attempt occurred in the summer of 1951, soon after Ebasco Services Inc. began building the steam electric plant for a combine of five utilities. The plant will furnish power for an Atomic Energy Commission installation at Paducah, Ky.

The government presented witnesses who testified Dale, a 38-year-old grandfather, boasted of "trading a shovel for a black-jack" when he decided to become labor leader in his early 20s.

Witnesses for Ebasco and the power combine, Electric Energy Inc., testified that Dale attempted

## Oil Will Add Million to Tax Valuations

Due to increased oil production in Saline county, the valuation of oil this year will be close to one million dollars on the tax books, it was revealed today by Mary Dallas, in charge of the oil books in the office of County Clerk Don B. Garrison.

The million dollar valuation will come after the multiple has been applied. The multiple has not been received yet but last year it was 5.5556.

This oil valuation is for 1954 taxes payable in 1955.

Mrs. Dallas explained that for tax purposes the average daily production of a well during the month of March is used. The oil companies file schedules with Garrison, giving the number of barrels of oil for the working interest, the royalty interest and the overriding royalty interest of each individual interested in each well.

This is the first year that books have been set up for oil in the county. Other counties where the oil valuation has been great enough, books were set up several years ago.

Mrs. Dallas said that if a person owns both royalty interest and the land from which the oil came, his royalty interest is assessed against the land.

"I wish to emphasize, though," she said, "that the land valuation itself does not go up—the tax is based on production during March."

She added that at the present rate, it is possible that the schedules filed on next March's production will be approximately double the valuation this year.

Principal townships of the county where the oil brought about increased valuations are Eldorado, Raleigh, Long Branch and Rector.

## DEAD TIRED?

You may be dangerously taxing your entire system when you allow fatigue, nervousness—poor appetite and sleepless nights to drag you down BECAUSE YOUR BODY IS VITAMIN AND IRON STARVED.

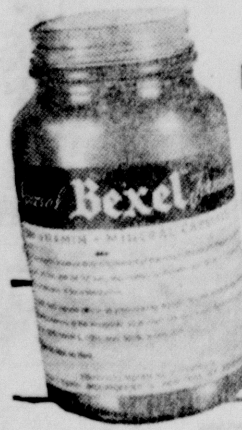

When you lack strong, red blood—when your system is vitamin-starved you must feel listless—nervous—irritable. This is because weak blood is circulating through your system, taxing your heart—putting a burden on every vein—capillary and artery in your body!

Start building rich red blood FAST with Bexel Special Formula

Each high-potency BEXEL Special Formula capsule gives you 5 times the daily minimum requirements of iron; more than the daily minimum requirements of all the B-vitamins that doctors will tell you are essential for proper nutrition; plus Vitamin B12 and trace minerals. These wonderfully strengthening capsules are recommended for mothers-to-be, when a sufficiency of iron and vitamins is vitally important to their health. Also especially important if you are over 40. Take 2 capsules daily for double potency.

## FRECKLES AND HIS FRIENDS

### Carpentier Urges Care by Motorists On S-D Day Dec. 15

SPRINGFIELD (UP)—Secretary of State Charles E. Carpentier called on motorists today to "put Illinois at the top of the traffic safety list" on "Safe Driving Day," Dec. 15.

Carpentier said 2,000 persons have died in Illinois traffic accidents in each of the past few years. Figures indicate the 1954 toll will be about 200 below 1953, he said. "Even with that improvement, about 1,800 persons will have been needlessly slaughtered on Illinois streets and highways this year, because somebody forgot, didn't care, or didn't know," Carpentier said.

I hope to see Illinois make a fine record on Safe Driving Day, and having shown what they can do when they concentrate on it, go right on making a fine record,"

### Hunsinger Receives 'Cheer Up' Telegram

(Continued from Page One)

home, plus a number of other telegrams bearing many signatures. But the big thing was the wire given him this morning.

### Text of Telegram

Signed first by Jean Drapeau, mayor of Montreal, the text was: "Cheer up, Chuck. This list of thousands of your faithful fans and supporters is longer than Parker's Gray Cup touchdown run. Radio Station CJAD, on behalf of these fans, invites you to use this as your welcome mat back to the Alouettes dressing room next fall." The Parker mentioned is Jackie Parker of the Edmonton team, who ran 85 yards for the winning touchdown. With three minutes remaining in the contest, Montreal held a 25-20 lead (touchdowns count five points in Canada). Montreal was driving toward another touchdown when Hunsinger, carrying the ball, was trapped. He threw the ball toward another player and it was ruled a bad lateral. Parker picked up the ball on the 15 and raced 85 yards to score. The extra point was made and Edmonton won the championship, 26 to 25.

**Proud of Mail Collection**  
However, although Hunsinger was dubbed the "goat" by many, a Montreal newspaper produced a full page of pictures in sequence which showed that Hunsinger was trapped on the 19 and that when he threw the ball it landed on the 15. In such a case it would have been an incomplete forward pass which was a dead ball.

Hunsinger, who played at HTHS from 1939-43, was in the Marines and played in the service from 1943-46. He starred at the University of Florida in the following years and was with the Chicago Bears in 1950, 1951 and 1952. The past two years he was with Montreal, and was a first stringer both on offense and defense.

He is about as proud of his mail collection as his long wire.

Before he departed for home in a hurry after the championship game was lost, Hunsinger made arrangements for Montreal newspapers to be sent to him because he wanted to read the comment.

This wasn't necessary because scores of newspapers and clippings were mailed to him by fans. "I'll read all the mail," he said. "I enjoy sitting around at night and reading the letters. Then I'll put them away some where. My grandchildren might want to look them over some day."

One girl sent him a fountain pen. Her letter said she felt sorry for both Chuck and Churchill. "If you don't want it, send it to Churchill," the letter said.

One typical letter said: "Some people seem to refer to you as the goat of the Gray Cup game. How wrong they can be! Our only wish is that every half-back who has ever played for Montreal had given as much for the team as you have."

Quite a number of the writers enclosed self-composed poems, most of them quite lengthy. Typical line was:

"Come back to Montreal and the Als."

"Remember we are still your pals."

One grade school class of 31 ten-year-olds wrote letters to him as compositions in English.

A group of high school pupils wrote a lengthy poem in a telegram.

One letter from a feminine admirer was sealed with a kiss.

**Ask for Autograph**  
A Mrs. Frier and Helen Snow wrote a poem called "Our Own Chuck."

"An Ode to a Popular Guy" said: "When sport writers sit down 'And tell of football fame, 'We're sure some of the great plays 'Will surely include your name.'"

And there was this letter to "Dear Chuck, Your Wife and Family":

"Gee Chuck, you left so fast, you left a bunch of weeping females just dripping with mother instinct. We just wanted to put our arms around our Chuck and tell him it wasn't his fault. We don't give a d— about the dirty old Gray Cup, anyway."

Biggest problem to Chuck is that about half of the letters ask for autographed pictures.

"I don't know how to handle this," he said. "It looks like if I did it, it might break me up."

### Pearl Harbor 'Scapegoat' Charges FDR Administration Provoked Attack

WASHINGTON (UP)—Rear Adm. Husband E. Kimmel, self-styled "scapegoat" of the Pearl Harbor disaster, charged today that the Roosevelt administration deliberately provoked the Japanese attack that plunged the United States into World War II just 13 years ago. The retired naval officer, who was commander-in-chief of the Pacific Fleet on the "day that will live in infamy," also said that top officials of the War and Navy departments withheld from Hawaiian commanders intelligence reports, including intercepted Japanese messages, that clearly indicated the attack was coming.

Had this information been passed along to him, even on the eve of the attack, Kimmel said, the U. S. warships which were to be trapped and destroyed or crippled in the harbor might have put out to sea to intercept the Japanese raiding force before it struck.

"I cannot excuse those in authority in Washington for what they did," said Kimmel. "In my book, they must answer on the day of judgment like any other criminal."

Kimmel and the late Maj. Gen. Walter C. Short, then Army commander in Hawaii, were removed

from their commands in January, 1942, after a special commission headed by former Supreme Court Justice Owen Roberts held them primarily responsible for the success of the sneak Japanese attack. Kimmel's side of the great naval debacle and events leading up to it were published by the magazine U. S. News & World Report in the form of copyrighted excerpts from a forthcoming book, "Admiral Kimmel's Story." The book will be published in January by the Henry Regnery Co., Chicago.

U. S. News & World Reports last week had published another and sharply conflicting version of the Pearl Harbor disaster in a copyrighted article by retired Navy Capt. T. B. Kittredge.

Kittredge, a naval historian, said no important information "was ever withheld" from Kimmel and Short. He also said that it was a "fantastic misrepresentation" to suggest that the late President Roosevelt deliberately invited the attack to provide this country with an excuse to enter the war.

Kimmel did not specifically list the Washington officials he considers responsible for Pearl Harbor. But his book bristled with

### Law Enforcement Conference by FBI at Springfield

SPRINGFIELD (UP)—The FBI Wednesday will hold a one-day annual law enforcement conference for local and state officers of the 84-county Springfield FBI district. Percy Wyly II, special agent in charge of the district, said the conference will present the latest techniques of crime detection.

Panel members and speakers will include Fred G. Leach, assistant attorney general of Illinois; Albert E. Aman, Chicago FBI supervisor; Phil M. Brown, Illinois state police superintendent; Police Chiefs Harold Johnson, Springfield, Ike Flynn, Jacksonville, and Claus Miller, Rock Island; Sheriffs Charles Peebles, Macon County; Glenn Braden, Moultrie County; Edgar T. Drayson, Warren County; and U. S. Marshal William J. Littell, southern district of Illinois.

direct or implied indictments of the late President Roosevelt, the late Secretary of War Henry L. Stimson, the late Secretary of Navy Frank Knox, Gen. George C. Marshall, Army Chief of Staff in World War II, and Adm. Harold R. Stark, chief of naval operations at the time of the attack.

Painting the kitchen floor? Take a heavy pencil and mark off lines to make two-foot squares. One day, paint alternate squares so that the kitchen looks like a checkerboard. The next day, not letting your paint dry out, paint the other squares. You can use the room for cooking the whole time.

A friend at the door at Christmastime to share your joy and hospitality  
brings something you cannot buy. For gift-wrapped in his warm smile, firm handshake and cheery greeting are love, admiration and respect for you and yours.

In the presence of a friend, the fireside glows brighter.

Decorations become gayer. Lights on the tree shine with greater brilliance.

At Christmas—or anytime—the greatest gift a friend can bring... is himself.

Merry Christmas to all good friends, everywhere!

## Wounded Harness Horse is Destroyed At Woolard Farm

A harness race horse belonging to Jim McCallum of Cartersville was badly wounded and destroyed on the Blanche Woolard farm near Galatia late Friday.

Jim Woolard said the horse was one of five boarded on the farm and that when he was starting to

round up the horses around 4:30 p. m. he heard a shot and saw some boys run. A few minutes later he discovered that a shotgun blast had shot off a large portion of the left front leg of the animal. It had to be destroyed, he said.

## Seven Cockers in Final Competition At Field Trials

MARION, Ill. — Seven dogs, including the 1953 national champion, entered final competition in the second annual national championship field trial for Cocker Spaniels at Crab Orchard Refuge today.

The original field which started the trial Monday had 15 dogs. Eight were dropped after the first day's series. A minimum of four land and one water series of flushing game and retrieving it were to be run.

The defending champion was F. T. Ch. Camino's Cheetah, owned by H. C. McGrew, Fortuna, Calif. Other dogs in today's finals were owned by Berol Lodge Kennels (two), Chappawua, N. Y.; Andrew W. Porter (two), Oxford, Md.; Mrs. Alan G. Patee, Salinas, Calif.; and Mr. and Mrs. Albert F. Winslow, Goshen, N. Y.

## Shawneetown, Crab Orchard Win Opening Games of Equality Tourney

Shawneetown and Crab Orchard won berths in the semi-final round of the Equality Invitational tournament last night, eliminating Joppa and host Equality. Unbeaten Shawneetown spilled Joppa from the running, 67-48, and Crab Orchard overhauled Equality in the second half to win, 74-59.

Tonight, defending tourney champs, Royalties Pirates, clash with Enfield in the 7 o'clock tussle, and Al Penman's Ridgway cagers pair off with Mills Prairie's veteran club at 8:30. Last night's two winners meet in the first game of Wednesday evening's semi-final session, and tonight's winners tangle in the second game tomorrow.

Alert ball-hawking and a team offensive gave Shawneetown a 10-point advantage over its opponents most of the tussle. The Indians broke into a 14-4 leadership at the quarter and were never seriously threatened thereafter. By halftime they had rolled to a 35-20 edge. The scoring was well distributed among the starting quintet, giving the Rangers little comfort.

Once in the third period Joppa pulled within 11 points of the tourney favorites, but the Indians quickly uncorked a blistering barrage that brought them a 55-35 lead at the end of the canto. Only in the fourth, when reserves flooded the lineup, did the Rangers outscore Shawnee, and then it was by a mere point.

Jack Nolen collected 20 points for the winners, but each of the other four starters dropped in nine or more points. Doug Mathis was the standout for Joppa with 20 tallies.

Shawneetown was superior in shooting, bagging 26 of 67 attempts from the field for a 38.8. Joppa hit 15 of 54 tries for 27.8. Despite Shawneetown's 26 fielders, the Indians missed several batins and setups. Joppa proved best at the charity line where they converted 18 of 24 while Shawnee made only 15 of 28.

A poor third quarter after a brilliant first half squelched Equality's hard-fought bid for tourney honors. Playing a veteran and rangy Crab Orchard team that has been beaten only once this year, the Cardinals buckled after leading 32-30 at the half.

The score was tied three times in the opening minutes before the Trojans took command. They ran up an 11-6 lead at one time but Equality whittled this to 15-14 at

the quarter. With big Ken Wooley leading the way, the underdog Cards outscored Crab Orchard 18-15 in the second canto.

Midway in the second the Cards held a 29-22 advantage. The Trojans rallied in the final two minutes prior to the intermission.

The count was tied four times again in the early third before Crab Orchard broke in front to stay. With Wooley unable to regain his first half form, the Cards faded. The Trojan offensive began to click, and they piled up 24 points to Equality's eight in the period.

In the final session, "Kayo" Willis' hard-playing youngsters could only endeavor to stem the tide. Equality outshot their opponents from the field percentage-wise, sinking 22 of 51 efforts for a tidy .431. Crab Orchard made 25 of 65 attempts for .384. It was at the foul line that the Trojans gained. They sank 26 of 43; Equality 15 of 29.

Leroy Graves and six-foot, four-inch Bernie Chance led the victors with 20 and 18 points respectively. Wooley who paced the losers with 17 points tallied 16 of them in the first half.

## White Sox Add Six Players In Two Deals

### Manager Marty Marion Pleased with Slugging Power

NEW YORK — Manager Marty Marion of the Chicago White Sox, joyful at obtaining six new players in two deals on the same day, said today he thinks the Sox will be a pennant contender now because they have new slugging power.

"Minnie Minozo couldn't do it all," explained Marion. "We had to have some more hitting power."

Marion, brand - new manager of the third-place Sox, was supplied with these new players Monday as General Manager Frank Lane swung two major straight-player deals in eight hours at the major league meetings here:

First baseman Walt Dropo, outfielder Bob Nieman, and pitcher Ted Gray — obtained from the Detroit Tigers in exchange for first baseman Ferris Fain, infielder Jack Phillips, and pitcher Leo Cristante.

Catcher Clint Courtney, infielder Jim Brideweser, and pitcher Bob Chakales — obtained from the Baltimore Orioles in exchange for pitchers Don Johnson, and Don Ferrarese, catcher Matt Batts, and utility infielder Fred Marsh.

### Need Home Run Hitters

Marion explained that Minozo was regarded as the only "long ball" hitting threat on the squad last season. He said that a team of "high average" but singles-hitting players did well at home in big Comiskey Park, but lost some key games in smaller parks for want of a couple of home run betters.

Fain, two-time American League batting champion in 1951 with .344 and 1952 with .327, is generally regarded as a singles hitter. However, in 65 games last season, he whiffed 302 to Dropo's 281 in 107 games, he also hit five homers to Dropo's four and drove in 51 runs to Dropo's 44. Baseball men generally regard Dropo, however, as potentially a much stronger clouter.

Nieman, only 27, batted only .262 in 91 games but hit eight homers and also is regarded as a pretty fair homer hitter.

Courtney, key man in the deal with the Orioles, had been sought by several clubs. A left-handed hitter, he batted .270 and Marion said he would be thrown into competition with Sherman Lollar for the first-string catching job.

Brideweser batted .263 as an Orioles' utility man; Chakales had a 3-12 won-lost record.

Harvey Robinson was fired as boss-man at Tennessee and John D. McMillian was released as head coach at the Citadel Monday. Meanwhile, the University of Pittsburgh named defensive coach John Michelosen to succeed ailing Lowell (Red) Dawson at the helm of the Panthers' football team.

## THE SCOREBOARD

### Southern California Promises Ohio State a Good Job Jan. 1

**By HARRY GRAYSON**  
NEA Sports Editor  
Once again against Notre Dame, Southern California demonstrated the far west will not have to apologize for its entry in the Pasadena Rose Bowl on New Year's Day.

The Irish thrice had to come storming from behind to prevail, 23-17.

And Troy will have something beside better-than-average college player personnel when it deploys against Ohio State in the Tournament of Roses. That will be the tremendous psychological pull that goes with the underdog, the fellow who doesn't belong, the unwanted.

One of Woody Hayes' more important tasks is to prevent the Buckeyes from attempting to substitute press clippings for blocking and tackling.

The Bucks have been built way up there from all sides, voted the strongest in the game by the nation's sports writers.

Bernie Crimmins is the latest to further complex Coach Hayes' problem.

"Southern California is a lot like Michigan," says the Indiana coach. "Ohio State has a great team. It's as good as any that we had during the years I was with Frank Leahy at Notre Dame."

Ohio State might well be, but that is the wrong attitude to take into a football game. And college players are quite likely to believe all the nice things said and written about them.

LEAVE IT TO JESSE HILL to capitalize on the setup. Southern California's head man was first to say that UCLA belonged in the Bowl.

"It's not our fault that we must represent the coast rather than champion UCLA," apologizes the old track coach.

"UCLA certainly isn't 34 points better than we are."

## Missouri Scores 64 to 61 Upset Over Indiana; Iowa Wins Easily from Nebraska

**By United Press**  
Credit Missouri's defensive-minded Tigers with the first major upset of the college basketball season—a 64-61 triumph over Indiana on the Hoosiers' home court.

Indiana, currently ranked fifth in the nation by the United Press Board of Coaches and an easy winner of its only previous game, seemed on the way to the expected victory as it took a 35-32 halftime lead and increased it to 53-47 midway in the second half.

But right there the Hoosiers ran smack into a roadblock thrown up by Tiger Coach Sparky Stalcup. The Hoosiers were kept outside, and their outside shots missed. Indiana had only five second-half baskets. Missouri went on a scoring spree to take the lead, and never lost it. Hoosier All-American center Don Schundt took scoring honors with 25 points.

Three other highly ranked teams—second-ranked Iowa, third-ranked Duquesne, and 13th-ranked Utah

## Wife Divorces White Sox Player

**CHICAGO —** Chicago White Sox outfielder Orestes Minozo has been divorced less than three months after he was married, it was revealed Monday.

Barbara Swader Minozo, 22, was granted the decree in Blue Island City Court on grounds of cruelty.

The couple was married Sept. 8 at the office of Mrs. Minozo's attorney, Sarah Rogers, and a \$250,000 paternity suit filed by Miss Swader against Minozo was dropped after the ceremony. She had charged that Minozo was the father of her daughter Lynette, born a year earlier.

Judge Maurice J. Schultz ordered Minozo to pay \$65 a week support for the child and directed Mrs. Minozo to quit her job as a waitress and take care of the baby.

Minozo was believed to be at home in Cuba.

## The Hour Every Motorist Owes to Himself!

The happy man you see in this picture is bringing himself up to date.

Cadillac has written a whole new chapter for the book defining motor car performance, and he's taking an hour to find out what it says.

And it says plenty—of very great importance.

First of all, it tells you what it's like to have command of a 250-horsepower engine that's as smooth as velvet, and so quick and eager that you have to educate your driving toe all over again.

It tells you what it's like to have virtually every unevenness in the highway completely eliminated before it is even noticeable to driver or passengers.

And it tells you what it's like to relax amidst upholstery fabrics and leathers that are found nowhere else, save in the 1955 Cadillac—not even in the finest clubs or hotels.

All this is to say, of course, that Cadillac has made another tremendous advance in design and engineering—so great, in fact, that only a drive and a personal inspection can let you realize its full significance.

And, naturally, there is yet greater emphasis on all the long-existing Cadillac virtues:

- the endurance that enables a Cadillac owner to keep his car just as long as he elects to do so . . . and with complete confidence in its dependability—
- the amazing economy of operation and upkeep which causes many owners to maintain that it is the most economical car on the American highway—
- the great personal satisfaction that comes from owning a car which is recognized, wherever highways lead, as the Standard of the World.

We cordially invite you to come in—today—to see and drive this wonderful, wonderful car.

There are eight models—in four different series—including the sensational Eldorado.

There is one to please you—exactly. And we think you'll be surprised and delighted at how little it costs, in comparison with lesser cars.

We're waiting for you—now!

Yoshida Quits As Japanese Prime Minister

TOKYO — Prime Minister Shigeru Yoshida, resigned unexpectedly today, ending a political life that dominated Japan in its transition from a war-crushed nation to a stronghold against communism.

Yoshida, 76, one of the United States' strongest advocates in the Far East, stepped out of the government shortly before the Diet (parliament) was certain to have cast a no-confidence vote against him.

Observers speculated that Ichiro Yatozama, who was purged by Gen. Douglas MacArthur in 1946 as an "ultra-nationalist," will succeed Yoshida.

Yatozama emerged from post-war political obscurity only two weeks ago to head the newly formed Conservative Democrat Party, which drew many dissidents from Yoshida's own Liberal Party.

Although the Conservative Democrats drew up a platform urging study of increased trade with Red China, political observers do not believe a Yatozama cabinet would sharply reverse Yoshida's strong pro-West policies.

Authorities in Washington said they did not believe a change in government would have any basic effect on Japanese-American relations, though some difficulties may be met.

These authorities said they believed the Japanese people know their welfare depends to a great degree on economic and political cooperation with the United States.

Rhee Says His Army May Attack Communists Alone

SEOUL — President Syngman Rhee said today his army may attack the Communists alone, apparently forgetting his promise to cooperate with the United States in unifying Korea.

The 79-year-old leader told his first press conference since his summer visit to the United States that "unless we unify Korea neither north nor south can survive."

"We will push north alone if we have to. What else can we do?" Rhee added.

Less than a month ago, the government promised to "cooperate with the United States in its efforts to unify Korea, including possible efforts through the United Nations."

Eisenhower Supports St. Louis U. Plans for Pope Pius XII Library

WASHINGTON — President Eisenhower today gave his support to the planned establishment of a Pope Pius XII memorial library on the campus of St. Louis (Mo.) University to house microfilm copies of 600,000 historic Vatican manuscripts.

Plans for the library were outlined by the Rev. Paul C. Reinert, university president, and George W. Strake of Houston, Tex., chairman of a fund raising committee.

The President gave Strake a letter praising the project, saying, "access to it will be immensely valuable to all who wish to delve more deeply into the fundamentals of our civilization."

Reinert said he hoped construction on the 4 1/2 million dollar building would begin next June.

Nationwide Survey Indicates Christmas Shopping May Set Record

WASHINGTON — Christmas shopping is off to a good start around the country this year. And some merchants predict it will set a new record by the time the last gift is bought on Christmas Eve.

This is the general conclusion of a nationwide United Press survey in which the most optimistic reports came from New York, Boston, Atlanta and Chicago.

Standard & Poor's, a leading business statistical agency, predicted a new record peak for holiday sales across the nation. International Statistical Bureau and Dun and Bradstreet, Inc., said Christmas shopping this year may be the greatest in the nation's history.

And government economists here agree it will be either a record or near-record.

Important factors in these optimistic forecasts are the high level of personal income — particularly the disposable part left after taxes, the upward trend in retail sales and a pickup in factory employment in recent weeks.

There also is one more shopping day in this year's Thanksgiving-Christmas period than in 1953.

The Commerce Department reported that personal income for the first 10 months this year was at an annual rate of \$285,600,000,000, only 300 million dollars less than in the corresponding period last year.

A greater sense of job security among federal employees was expected to help push up holiday sales here in the nation's capital where stores have been generally crowded most of the time since Thanksgiving Day.

In New York, trade sources said Christmas shopping started "well ahead" of last year with all indications that a new record will be set. The stock market rise was reflected in better-than-usual sales of high-priced gifts, such as jewelry and fur coats.

Boston Sales Up  
Daniel Bloomfield, executive vice president of the Boston Retail Trade Board, reported Christmas shopping "off to a very good start" there with merchants expecting a "very substantial increase" over last year's record yuletide holiday sales.

Atlanta merchants reported a "very, very good opening" of Christmas shopping. The manager of one chain department store said business was the best ever. Holiday sales so far in Chicago indicated a new record will be set this year.

Hammond High Schools Ban Secret Groups

HAMMOND, Ind. — Four high schools in Hammond have been ordered to disband their sororities, fraternities and other secret organizations.

Lee Caldwell, superintendent of Hammond schools, said Monday his action was aimed principally at Hammond high school, where 300 to 400 of 1,600 students belong to secret groups.

He said the schools would be given 10 days to enforce the state law which requires school authorities to expel students who are members of such organizations. Caldwell said secret student organizations do not participate in other school activities, their members' grades are poor and the groups show discrimination. Students will have to remove all pins and emblems from their persons when the law is enforced, Caldwell said.

Investigate Fatal Shooting of Soldier

FT. LEONARD WOOD, Mo. — Pre-trial investigation of a Ft. Wood soldier has not been completed, Army authorities said today.

Pvt. Ralph C. Knight, 17, Baltimore, Md., was shot and killed in his barracks last Tuesday. Army officials said Pvt. Carroll N. Blakey, 17, Hoopston, Ill., has been charged with "murder not premeditated."

Two days of rain have cut down on Christmas shopping in Los Angeles. But merchants there still expected holiday sales to equal the good volume of last year.
